

JAG POLY PTY LTD HEALTH AND SAFETY POLICY

JAG POLY PTY LTD recognises its moral and legal responsibility to provide a safe and healthy work environment for employees, contractors, clients and visitors to site. This commitment extends to ensuring that normal operations do not place the local community at risk of injury, illness or property damage.

Our OHS objective is to actively work towards elimination of injuries.

Hazards to health and safety will be removed, or, where this is not practicable, they will be managed so as to reduce risk to acceptable levels.

The management of health and safety is an integral part of overall management responsibilities. Managers will be held accountable for safety performance in their area of responsibility.

All employees will be trained to perform their job safely. Each employee is personally responsible for working in a safe manner, following the safety rules, participating in safety training, using protective equipment provided and reporting any safety or health hazards.

Our goal is zero medical treatment injuries. Plans to achieve this will be developed by management in consultation with employees.

Rev: March 2015

John Masters
Managing Director

.....where safety is
everyone's responsibility.....
