

## Adaptors

Butt Weld short spigot SDR11  
PE100 Black

Male	
OD	BSP
25	3/4
32	1
40	1
40	1 1/4
40	1 1/2
50	1 1/2
63	2
63	2 1/2
75	2 1/2
90	3
110	4

Female	
OD	BSP
20	1/2
25	3/4
32	1
40	1 1/4
50	1 1/2
63	2
75	2 1/2

### PE BSP Threaded Adaptors

Suitable for butt welding or insertion welding.

The threads are BSP and suitable for limited applications. This is due to the physical properties of PE100 polyethylene. Consideration should be given to the thermal expansion characteristics and tensile strength of the threads when tightening onto metal connections.

For maximum strength, refer to Electrofusion Transition couplings with

Alternative Threaded fittings-  
EF Transition Couplings  
PN16 Water/ PN10 Gas
